

2021 BOARD NOMINEE

Janet Davis

Associate Professor, Computer Science
Whitman College

Awards and Honors and Year Received

- Microsoft Chair of Computer Science, Whitman College (2017)
- Wilson Chair of Enterprise and Leadership, Grinnell College (2014-2015)
- Senior Member of the Association for Computing Machinery (2013)

Involvement in CRA Activities

- I have attended the CRA Conference at Snowbird only once (2014), but I was outspoken at last year's CRA Virtual Conference (2020). I have also participated in two CRA-W Career Mentoring Workshops (2009 & 2018).
- I recently published an article in the CRA Bulletin, "Seven Tips for Advertising Your Graduate Program to Undergraduate Programs" (2019).
- I served on the selection committee for the CRA Outstanding Undergraduate Researchers Awards (2013).

Other Relevant Experience

- Founding Director/Chair, Computer Science, Whitman College (2015-present)
- Member, Liberal Arts Computer Science (LACS) Consortium (2015-present)
- Facilitator, SIGCSE Committee on Computing Education in Liberal Arts Colleges (2019-present)
- Program Chair, CCSC-NW 2017
- ACM SIGCHI U.S. Public Policy Committee, Chair (2010-2013), Member (2008-2015)

Research Interests

Human-computer interaction, value sensitive design, computing ethics, persuasive technology, gender and computing

2021 BOARD NOMINEE

Janet Davis

Associate Professor, Computer Science
Whitman College

Personal Statement

I am running for the CRA Board to represent the interests of faculty at small, primarily undergraduate institutions (PUIs). We belong in the CRA alongside our colleagues at research-intensive universities. While teaching comes first for PUI faculty, many of us also do research, albeit more slowly and with fewer resources. Moreover, the CRA has an important role in advancing our interests. Beyond contributing to CRA's ongoing programs supporting undergraduate research, I want to make CRA activities more accessible to chairs without departmental travel budgets and develop mentoring programs to support the PUI faculty pipeline.

Bio

Janet Davis is Associate Professor and Microsoft Chair of Computer Science at Whitman College. She became Whitman's founding computer scientist after nine years of teaching and research at Grinnell College. She earned her B.S. in Computer Science at Harvey Mudd College and her M.S. and Ph.D. in Computer Science and Engineering at the University of Washington. Her current research applies a value sensitive design approach to tools at the intersection of gender, language, and persuasive technology. Her professional service mission is to promote faculty careers in computer science at liberal arts colleges through writing, mentoring, and leadership.

EDUCATION

Ph.D., Computer Science and Engineering, University of Washington, 2006.

Dissertation: Engaging Citizens and Informing Decision-Making with an Urban Simulation System: A Value Sensitive Design Approach

Advisors: Alan Borning and Batya Friedman

M.S., Computer Science and Engineering, University of Washington, 2001.

Thesis: Remote Event Passing: A Communication Mechanism for Pervasive Computing

Committee: Tom Anderson and Steve Gribble

B.S., Computer Science, Harvey Mudd College, 1999.

PROFESSIONAL EXPERIENCE

Whitman College

Microsoft Chair of Computer Science November 2017–present
Associate Professor of Computer Science August 2015–present

Grinnell College

Director, Wilson Program in Enterprise and Leadership August 2014–July 2015
Associate Professor of Computer Science May 2012–July 2015
Assistant Professor of Computer Science August 2006–April 2012

University of Washington

Research Assistant, Center for Urban Simulation and Policy Analysis and Value Sensitive Design Lab 2003–2006
Advisors: Alan Borning and Batya Friedman
Research Assistant, Computer Networks 2001–2002
Advisors: Tom Anderson and David Wetherall
Research Assistant, one.world 1999–2001
Advisor: Tom Anderson; *Project lead:* Robert Grimm
Instructor Winter 2004
Teaching Assistant Spring 2005, Autumn 2002, Winter 2002, Autumn 2001, Autumn 2000

Institute for Pure and Applied Mathematics, University of California, Los Angeles

Visiting Scholar, Large Scale Communication Networks Program Spring 2002
Organizers: David Donoho, John Doyle, Deborah Estrin, Kristina Lerman, and Walter Willinger

Harvey Mudd College

Team Leader, Nuera Communications Clinic 1998–1999
Advisor: Ran Libeskind-Hadas
Undergraduate Researcher, Routing in Wormhole Networks Summer 1998
Advisor: Ran Libeskind-Hadas
