# Computing in Undergraduate Education (CUE): Revisioning broadening participation pathways

- Transformation
  - Addressing key challenges in undergraduate education (CS+X, updating courses, holistic degree support, inclusive online teaching)
- Pathways
  - Effective pathways involving 2-year colleges (entry points, transitions)
- Mobilize
  - Developing a national vision through convening the CISE community

**Proposals due: September 19, 2022**

**Larger budget requests have a higher expectation for the breadth of impact**

# Concluding Remarks

When things are challenging, remember why YOU are chair and do one thing towards that goal

## Magic Phrases

- I will not do that, you have the power to do that if you so choose.
- You have to do what you are going to do.
- What would you like ME to do about that.
