Stanford University, Stanford, California
Associate or Full Professor in Statistics or Probability

The Statistics Department at Stanford University invites applications for a tenured position at the Associate or Full Professor level in Applied Statistics, Theoretical Statistics, or Probability. This is a research and teaching position with student advising and department committee responsibilities.

Applicants should have demonstrated strong research abilities. A Ph.D. in Statistics or a related area is required. Applicants should submit a letter of application, curriculum vita, a statement of research and teaching interests, and not more than one preprint/reprint. Applications should be submitted online at https://academicjobsonline.org/ajo/jobs/11505. Questions may be submitted to search@stat.stanford.edu.

Evaluation of applicants will begin November 16, 2018. Applications must be received by December 11, 2018 to be guaranteed consideration.

The Stanford Statistics department currently has 22 regular faculty members, as well as a distinguished group of emeriti. Many professors have joint appointments in other departments, including positions in mathematics, economics, the School of Medicine, the School of Engineering, and the School of Education. The varied research in the department integrates core statistical theory, mathematics, computing, algorithms, and applications to many scientific disciplines. More information on the department can be found on its website: https://statistics.stanford.edu.

Stanford is an equal employment opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other characteristic protected by law. Stanford also welcomes applications from others who would bring additional dimensions to the University's research, teaching and clinical missions.
