

ASSISTANT PROFESSOR

Mathematics

Job Title:

Baruch College – Assistant Professor - Mathematics

Job Description:

The Department of Mathematics of Baruch College – CUNY invites applications for an anticipated tenure-track position beginning on or about August 24, 2023. The appointment will be at the assistant professor level. The department is seeking a candidate to be a contributor to our new major in computer science which is expected to begin in the fall 2023.

The department offers undergraduate majors in mathematics, financial mathematics, actuarial science, and is expanding the computer science minor into a major. At the graduate level we offer an MS degree in financial engineering. Baruch is one of the City University of New York's senior colleges, housing the Zicklin School of Business, the Weissman School of Arts and Sciences, and the Marxe School of Public and International Affairs. It has over 20,000 undergraduate and graduate students in its three schools.

NOTES:

Until further notice, this is a hybrid position, eligible to work remotely and work on-site in the office. All CUNY employees must reside within a commutable distance to the tri-state area.

Candidates will be required to provide proof of being fully vaccinated against COVID-19 upon commencing employment. Exemption (medical or religious) requests to this requirement will be considered in accordance with applicable law. Being fully vaccinated is defined for this purpose as being at least two weeks past their final dose of an authorized COVID-19 vaccine regimen. Final candidates must be fully vaccinated as of their first day of employment.

Compensation and Benefits:

CUNY offers faculty a competitive compensation and benefits package covering health insurance, pension and retirement benefits, paid parental leave, and savings programs. We also provide mentoring and support for research, scholarship, and publication as part of our commitment to ongoing faculty professional development.

Qualifications:

A Ph.D. in Computer Science or a related field is required, as well as strong undergraduate teaching skills and a demonstrated commitment to research. Preference may be given to candidates from practical subfields of computer science.
