

The School of Computing at Clemson University invites applicants for multiple Lecturer positions beginning August 2023. Responsibilities will include teaching (primarily for undergraduate classes), student advising, participation in departmental and university committees, and other typical faculty responsibilities. Teaching assignments will be determined based on school needs and candidate interests. The ability to teach one of the following courses is required: Operating Systems, Networking, Discrete Structures, or Algorithms. Lecturers are eligible for promotion to the rank of Senior Lecturer and Principal Lecturer.
