

Emory & Henry College welcomes applicants for a tenure-track Assistant Professor or Instructor of Applied Computer Science to begin in Fall 2023. Our ideal candidate will hold a Ph.D. in Computer Science with a specialty or experience in Data Science, but Master's degree candidates with relevant work experience will be considered.

Our future colleague will help develop our new B.S. degree in Applied Computer Science, teaching Programming and other courses during the first year of the program. The annual teaching load is 20-24 credit hours a year, though course credit for college service is possible.

Applications will be reviewed beginning March 20 and continuing until the position is filled.

Essential Duties:

- Teach courses annually
 - Programming I and II
 - Other courses within area of specialty
- Work with members of the Math Department, School of Business, and Social Sciences Divisions to create an applied computer science minor to support those programs.
- Provide leadership on curriculum development within the applied computer science degree program.
- Participate in the life of the department through advising students, developing new courses, attending on-campus recruitment events, mentoring student research.

Qualifications:

- PhD in Computer Science or related field with emphasis in Data Science is preferred
- Master's degree in Computer Science with relevant work experience
- Willingness to collaborate with colleagues in other departments within a liberal arts context.
- Experience with developing computer science curricula or leadership potential in this area.

To apply, please submit:

- Cover Letter to include contact information for three references (3 recommendation letters will be required of finalists for the position - at least one letter should focus on teaching)
- Curriculum Vitae
- Undergraduate and Graduate Transcripts (unofficial transcripts acceptable)
- Statement of Teaching Philosophy to include a statement of Diversity, Equity, Inclusion and Belonging in the classroom

Located in the Highlands of Virginia, Emory & Henry College has devoted itself since 1836 to the belief that education can have a transformative effect on an individual, a place and ultimately the wider world.

Inspired by the motto “Increase in Excellence,” the first faculty challenged students to grow and develop intellectually, spiritually and physically.

Today, our mission continues to focus on students as they follow a path of intellectual and spiritual growth on their way to successful futures. That mission, in turn, is extended to others through a broad program of active engagement and community service.

You will discover that Emory & Henry is a place of promise made up of warm-hearted, caring people who care about your fulfillment. This is a community that embraces people from all walks of life as they work together to improve the individual and the world. We are people with a mission and a long history devoted to transforming lives and increasing excellence.

Emory & Henry views diversity, equity, and inclusion as foundational to our institution, and strives to continually “increase in excellence” in this endeavor. In doing so, we recognize the forced removal and stolen labor at the heart of the very founding (and naming) of our College. We also acknowledge the negative impact of power imbalances, discrimination, and exclusion on generations of marginalized groups dating back to the inception of Emory & Henry College. We also recognize that, while this statement is important, it is an insufficient approach to the liberation of impacted peoples.

It is the policy of Emory & Henry College to provide equal employment, educational and social opportunities for all persons, without regard to race (or traits historically associated with race including hair texture, hair type, and protective hairstyles such as braids, locks, and twists), color, religion, sex or gender (including pregnancy, childbirth, or related medical conditions), national origin, gender identity or expression, age, veteran status, disability, political affiliation, sexual orientation or genetic information or any other characteristic protected by federal, state or local laws. Minorities, women, veterans and individuals with disabilities are encouraged to apply.

This policy applies to all terms and conditions of employment, including recruiting, hiring, placement, promotion, termination, layoff, recall, transfer, leaves of absence, compensation and training.
