Tenure-Track Assistant Professor of Computer Science
with Expertise in Artificial Intelligence and Machine Learning

Located in beautiful Charleston, SC, The Citadel Department of Cyber and Computer Sciences seeks to hire a tenure-track assistant professor of computer science with expertise in artificial intelligence and machine learning beginning in Fall 2023 or Spring 2024. A doctorate in Computer Science or a closely related discipline is required. ABD candidates will be considered if the degree can be completed by the start date. A strong aptitude for teaching courses in Artificial Intelligence and Machine Learning is desired. Candidates able to engage students in research and projects will be preferred. All application materials should be submitted online at The Citadel Careers website: www.citadel.edu/careers.

Position Description

The primary role of the faculty is the education of students in the classroom and advising the students with their academic programs. Faculty members are also responsible for scholarly activity and service. The Citadel supports faculty scholarship and professional development. Internal funding is available for research, development, and travel. The contract is for a full-time, 9-month position. Teaching responsibilities include undergraduate courses in computer science for majors and minors and graduate-level courses in computer and information sciences. A normal teaching load is 12 hours per week with small class sizes. Applicants should be able to teach courses in Artificial Intelligence and Machine Learning.

Department and College Profile

The Department as 7 full-time and 7 adjunct faculty members and offers the B.S. in Computer Science with concentrations in Data Science, Cybersecurity and AI/Machine Learning; B.S. in Cyber Operations; M.S. in Computer and Information Sciences (jointly with the College of Charleston); graduate certificates in cybersecurity and software engineering; and undergraduate minors in cybersecurity, cyber inter-disciplinary studies, data science, and computer programming. The B.S. in Computer Science program is accredited by the Computing Accreditation Commission of ABET, https://www.abet.org, under the General Criteria and the Computer Science Program Criteria. The Citadel is a fully accredited, public, comprehensive, co-educational college with a student body of 2300 undergraduate and 1000 evening and graduate students. Salary and fringe benefits are competitive, and other benefits include full health and retirement plans, access to the Citadel Beach House located on Isle of Palms, access to the Citadel Boating Center, employee discounts, and more. Candidates should exemplify The Citadel's core values of honor, duty, and respect.

Questions about the position may be directed to Dr. Michael Verdicchio, Chair of Faculty Search Committee, Department of Cyber and Computer Sciences, The Citadel, 171 Moultrie Street, Charleston, SC 29409, phone: 843-953-6987, or by email: mv@citadel.edu.

Applications from women and minorities are especially encouraged. The Citadel is an affirmative action/equal opportunity employer actively committed to ensuring diversity in all campus employment.
