ARKANSAS

College of Engineering
*Electrical Engineering
and Computer Science*

Assistant Professor - Engineering

The Department of Electrical Engineering and Computer Science (EECS) at the University of Arkansas, Fayetteville, is accepting applications for a tenure-track assistant professor in computational theory beginning August 2024. Research expertise in the areas of theoretical computer science, algorithms, or related emerging areas including, but not limited to, algorithms (randomized, distributed, parallel, approximation), data structures, algorithmic or computational complexity aspects of graph theory, geometry, optimization, databases, logic, game theory, networks, quantum computing, or molecular computing. Applicants must have a Ph.D. in computer science, computer engineering, or a closely related discipline by the start of employment. The responsibilities of this position include teaching, research, and service in the EECS department. The University of Arkansas is an equal opportunity, affirmative action institution.

For more information and to apply for this position: Applications should be submitted via the University of Arkansas Career site:
