

Associate/Full Professor Position
Management Information Systems Area
Mitch Daniels School of Business
PURDUE UNIVERSITY
West Lafayette, Indiana

The Daniels School of Business (DSB) at Purdue University invites applications for the tenured associate/full professor position beginning in fall 2025. The primary responsibilities will be to conduct impactful high-quality research at the intersection of Business and Technology, teach at the undergraduate and graduate level, participate in course/curriculum development, and provide service to DSB, the University, and the Information Systems academic community. Qualified candidates must have:

- A Ph. D. in Information Systems (IS), Economics, Computer Science, or a related discipline by the starting date
- Excellent record of published research in premier outlets and recognition in the Information Systems academic community, commensurate with the rank
- Evidence of teaching excellence

We seek candidates whose research and teaching interests complement and deepen our [existing strengths](#) and expand into new and exciting areas. Candidates with a research focus in the economics of information systems covering topics such as digital transformations, digital economy, and artificial intelligence (AI) are strongly encouraged to apply. Additional areas of research interest include trustworthy AI, emerging technologies and business models, and technology governance and regulations.

Questions and correspondences should be addressed to Mohammad Rahman, Chair of MIS Faculty Recruiting Committee. Review of applications will begin September 23, 2024 and the position will remain open until filled. The Faculty Recruiting Committee can be reached at mis-recruiting@purdue.edu.

The newly launched Daniels School of Business is built upon Purdue's mission as a land-grant university to provide affordable and accessible education while combining technological excellence and business expertise. There are many opportunities to collaborate with the nation's 4th-ranking Purdue Engineering and the top-ranking [Purdue Computes](#) disciplines in research as well as curriculum development.

A background check will be required for employment in the position.

About the Organization

As Indiana's land grant institution established in 1869, Purdue is one of the nation's leading public research universities. Located in West Lafayette, IN, Purdue offers faculty a great work and non-work environment. Recently recognized as one of the safest cities in Indiana, West Lafayette is centrally located to a number of major business centers including Chicago (2 hours), Indianapolis (1 hour), Cincinnati (3 hours), Louisville (3 hours), Columbus (3.5 hours), and St. Louis (4 hours). Purdue's Research Park is home to over 300 business start-ups, many of which originated from faculty innovations. DSB offers undergraduate programs, executive, online, and weekend MBA programs, numerous specialized Master's programs, and doctoral programs.
