

COLLEGE OF ENGINEERING

ELECTRICAL & COMPUTER ENGINEERING

UNIVERSITY OF MICHIGAN

The Electrical and Computer Engineering (ECE)

Division of the Electrical Engineering and Computer Science Department at the University of Michigan, Ann Arbor invites applications for junior and senior faculty positions, and also for our university-wide quantum initiative.

Successful candidates will have a relevant doctorate or equivalent experience and an outstanding record of research in academia, industry and/or at national laboratories. They should demonstrate a strong commitment to teaching at both the undergraduate and graduate levels, actively engage in service to the university and their profession, and contribute to broadening the intellectual diversity of the ECE division. Additionally, they should have a broad perspective on the potential worldwide impacts of their research.

We invite diverse candidates across all research areas to apply.

The highly ranked ECE Division prides itself on the mentoring of junior faculty toward successful careers.

Ann Arbor is highly rated as a family friendly best-place-to-live.

Please see application instructions at:

<https://ece.engin.umich.edu/people/faculty-positions/>

Applications will be reviewed as they are received. Submission of applications prior to Nov 30, 2024 is strongly recommended for full consideration. The application site will remain open until the positions are filled.

As part of the nation's number one public research institution, Michigan Engineering's mission is to provide scientific and technological leadership to the people of the world, inspire intellectually curious and socially conscious minds, create collaborative solutions to societal problems, and promote an inclusive and innovative community of service for the common good.

At Michigan Engineers, we strive to apply excellent engineering fundamentals, integrated diverse and equity-centered values to reimagine what engineering can be, close critical gaps, and elevate all people. Information about our vision, mission and values can be found at: <http://strategicvision.engin.umich.edu/>.

The University of Michigan has a storied legacy of commitment to Diversity, Equity and

on (DEI). Michigan Engineering models that commitment in our research, culture collaborations. We seek to recruit and retain a diverse workforce as a reflection of that commitment. Learn more about DEI at **Michigan Engineering**: <https://www.engin.umich.edu/culture/diversity-equity-inclusion/>

employment will require a criminal background check and may require an institutional reference check regarding any misconduct. Candidates may be required to submit a self-disclosure form as well as an authorization to release information form. Candidates must meet all degree requirements prior to the start date of the position. The University of Michigan is supportive of the needs of dual career couples and is an Affirmative Action/Equal Opportunity employer. Women and members of minority groups are encouraged to apply.
